

KERATIN HAIR EXTENSIONS

hairtalk®
extensions

As the global innovators of the tape-in hair extension, hairtalk® extensions proudly delivers groundbreaking technology that challenges stylists to rethink their service categories. hairtalk® continues to be the leading professional hair extension brand in over 40 countries. Our promise to stylists is to continue providing the highest quality product innovation, tools designed for creative freedom, and full support behind the chair. Welcome to the world of endless possibilities.

Welcome to hairtalk®.

CREATE THE LOOK

13" Keratin
Colors 18/62 CM, 62/18R & 60A

Keratin Extensions

Made from top quality 100% cuticle-on Remy human hair, hairtalk® Keratin extensions create seamless length, color and volume without compromising discretion. Our soft pre-customized matte bonds allow you to provide your clients with the tailored application and styling versatility they desire. Each application lasts 3 to 5 months allowing for the longest lasting single wear extension than any other method. Choose from our wide assortment of Naturals, Rooted and Colormelts™ colors to create the perfect new look. The result is flawless natural body wave extensions that blend perfectly with clients' natural hair.

KERATIN EXTENSIONS

keratin

A soft and discreet matte keratin bond that allows for an undetectable application.

KERATIN TOOLS

professional color ring

HT154

A stylist's must-have tool for color matching. The Professional Color Ring is made of 100% human hair and includes all colors, band styles, and band sizes offered in hairtalk® Tape-In and Keratin extensions.

sectioning brush white rattail comb

HT222

Ergonomically designed, the Sectioning Brush and White Rattail Comb are key tools in precision sectioning when applying extensions.

hair grippers

HT215 | 4 pieces per pack

Secure loose hairs up and away. These velcro Hair Grippers won't snag or get tangled, and are super light for clean sectioning and precise placement.

applicator tool

HT900

No hairtalk® Keratin extension application is complete without the Keratin Applicator Tool. The applicator melts the keratin bond allowing stylists to mold/fuse the extensions to the client's natural hair. The small, compact design of the applicator teflon plates are perfect for any size application and won't damage the natural hair.

remove keratin gel

HT902 | 4 fl. oz.

Dissolve bonds easily and reduce removal time with hairtalk® Remove Keratin Gel. This alcohol based gel is specifically formulated to remove hairtalk® Keratin extension bonds quickly.

keratin extension shield

HT903 | 10 per pack

hairtalk® Keratin Extension Shields protect and isolate the area of application to keep flyaways controlled and avoid heat contact against the client's scalp while acting as a stylist's guide for proper placement.

keratin remove plier

HT904

The Keratin Remove Plier is crucial for any hairtalk® Keratin extension removal. This specially designed tool with padded handles helps provide a comfortable grip throughout the entire process.

keratin bond cutter

HT906

The hairtalk® Keratin Bond Cutter is the must-have tool for any stylist customizing bonds prior to application allowing for a perfectly blended and tailored application.

**Design of tool may vary*

thermal glove

HT905

Protect your fingers and hands from exposure of hot tools with the hairtalk® Thermal Glove. The three-finger design provides increased ease and control alternating between the Keratin Applicator Tool and molding the bond.

COLOR SWATCHES

Naturals (N)

Blondes (B)

Reds (RE)

LENGTHS CHART

hairtalk® Keratin extensions are available in four lengths and come tapered, allowing for a seamless blend into clients' natural hair.

Silvers (S)

Rooted (R)

Colormelts™ (CM)
