hairtalk® Hair Care Purchase: CLEANSE NOURISH NOURISH PLUS

WHEN YOU LEAVE THE SALON

TAKE a selfie, post to Instagram!

TAG your stylist @ _____ and @hairtalkusa

WAIT at least 48 hours before wetting or washing your hair.

BRUSH 2x a day to prevent and remove tangles. Your natural hair and extensions will love it.

AVOID products containing alcohol, oil or ethanol. These compromise the adhesive band on your extensions.

LOVE your new look!

CLEAN | CONDITION

1. Before washing, brush gently working from the ends upward with hairtalk® Extension Brush.
2. Wash & condition with hairtalk® Cleanse Shampoo and Nourish Conditioner, keeping Conditioner away from adhesive bands.
3. Apply Nourish Plus as directed, working from mid-shaft to ends, especially on blondes, to hydrate and protect.
4. Rinse hair well to remove all product and prevent product build up.
5. After washing, towel dry. Hold at mid-shaft and brush gently working from the ends upward with a wet brush.

STYLE

1. Before styling, remove tangles by brushing gently working from ends upward with hairtalk® Extension Brush.
2. Apply styling, finishing or setting product away from the adhesive band and avoid your hair root.
3. Use thermal protecting product when heat styling.
4. Temperature settings: 300°F MAX for Human Hair Extensions and 250°F MAX for Synthetic Blend Extensions.

SLEEP

1. Sleep with dry hair tied in soft pony, braid or top knot. Wet, loose hair tangles and is prone to matting.
2. Try a silk pillowcase to give your extensions some extra love.

SWIM | SUN | SWEAT

1. Before any of these activities, mix water with hairtalk® Nourish Plus in hairtalk® Spray Bottle and lightly mist mid-shaft to ends to help prevent discoloration from chlorine, salt, sunscreen and tanning products. Brush gently working from ends upward with hairtalk® Extension Brush. Tie hair in soft pony, braid or top knot to prevent tangling and discoloration.
2. After swimming or sweating, wash as directed above in CLEAN | CONDITION section.
